

School District:	1.How many pink slips will you issue before the April 30 deadline?	2.How many positions will go unfilled next year (i.e. retirements not replaced)?	3.Does the budget you submitted for certification raise property taxes?	4. Will any programs or activities be cut next school year? If so, which ones?	5. Will class sizes increase due to budget cuts and staff reductions? If so, how many more students will you have per classroom? Specific grades and/or subject areas are appreciated.
AGWSR	1	None	Yes.	None at this time.	Our lower elementary class sizes K-1 will be at 25/26. We'd like to hire more staffing to bring those numbers down, but we cannot afford it. If we received 4% compared to 1.25%, that is a \$110,000 difference to our district which would allow us to look at hiring some staff to alleviate those high numbers in our kindergarten and 1st grade classes.

Albert City-Truesdale	0	0	Yes	We are single section building, so not a lot of room to reduce or cut. We have reduced spending on classroom supplies and curriculum.	No - we are single section.
Aplington-Parkersburg	We will not issue pink slips this year, but will be aggressive with cost reduction next year. This might result in staff reductions.	Zero. Here again, the trend in funding is depleting our reserve and cuts are one year away.	No.	Textbook adoptions will be delayed.	Yes, but not until a year from now.
Ar-We-Va	6	2	no	yes,	yes
Atlantic CSD	1	8	Yes	Swimming Dance Math - Elementary At-Risk	Class size will go up at the high school as we have reduced 2 FTE. Reduced 3 at the middle school. Reduced 3 at the elementary
Audubon Community School	zero	1.5 to 2	No, because we had an increase of 9 students...1st time in seven years	Drop-out prevention to half-time, elem. music half-time	No
Battle Creek-Ida Grove	We already issued 3	0	No	No	Yes, increased class size at the high school

Baxter CSD	2	N/A. We do not have staff retiring.	Yes.	We examined a few programs for elimination, but are working hard to maintain everything for next year.	Class sized will be impacted as we will not have the resources to add teachers where needed.
Belle Plaine	2	2	yes	german and three year old preschool	yes.. at the secondary level, 7-12 building. The number of students per teacher will increase since we reduced staff at that level.
Bennett CSD	None	1	yes	Yes..... field trips, overnight conferences,	Yes..... 4-5 more in 5th and 6th grade. We are forced to go to a multi-age system in grades 4/5/6. We will have a 4/5 area and a 5/6 area.
Bettendorf	0	0	Yes, .09 based on 1.25% - if 2.0% we will remove that increase as we are typically at the cash reserve cap	No	Only if enrollment increases as we intend to sustain the same # of sections

BGM	1.5	1.5	Yes	TAG-HS Math Teacher	HS Math Classes. 5-15 depending on the grade. I would love to add a Kindergarten teacher, but with no funding-this is not an option. We have 51 registered for next years kindergarten class and would like to add a section.
Bondurant-Farrar	None-we are growing rapidly. We won't be able to add as many positions as needed to accommodate the over 100 new students projected.	Zero	No, we raised them last year and pledged we would nt do so agin. We will reduce spending and repairs to make things work.	None at this time.	Pre-School, HS Math, and HS Social Studies will all have increased class sizes likely 28 plus in each. Also our teacher will be teaching an over-load in those subjects. We have several Special Education teachers with very large loads we won't be able to reduce.

Boyden-Hull	We will not issue any slips this year.	We had one teacher leave for another school and will not replace her. If any others leave we will not replace them at the elementary as well.	They way it is currently situated -- yes. We are anticipating that we will not get the 4% so by the time it is all finished we will be close to where we were this year.	No	Yes we will move some teachers to fill the vacancy internally and then we will have one fewer kindergarten teacher. Our numbers are smaller but classes will raise up by one student per class.
CAL Community School District	Unsure...possibly four (4). The board is considering this as an option.	Absorb one(1) maybe two(2) positions.	Yes, by .27 cents/\$1000.		No. Declining enrollment. However, we struggle to keep up with continuing to offer all of the courses and student services, such as wanting to increase Counseling time but cannot. We share a reading specialist and really need their services more time at our schools.
Carroll					
Carroll	1 or 2	2	No.	Yes, Less elective offerings at the high school.	Yes. Elementary class sizes will increase in some grades as well as high school and middle school.

Cedar Rapids CSD	none	Many - up to 25 teachers and 40 non-certified	Yes	The major effect will be to raise call size	Not an easy answer in a large district, but high 20's to low 30's would be a good estimate
Central Lyon					
Central Springs	0	5	yes	Elementary/MS guidance reduced by 50%; Supplemental reading help cut 25%; Co-Teaching ending and replaced with pull-out programs	Reduced other areas to keep class sizes the same where possible. One elementary grade will see an increase in class size
Charles City Community	10 (1 part-time curriculum)	2 elementary teaching	yes	Not yet.	Possibly, but we likely are moving to grade-alike buildings (PK-2 & 3-5) to minimize the impact
Charter Oak-Ute	Three	Two	Yes	Second chance reading	No
Clarke	0	0	yes	No	No
Clarksville	3	3	yes	yes, school/librarian	yes
Colfax-Mingo Community School District	We do not anticipate issuing pink slips this year. We will have some attrition and will not fill those positions at this time.	At least two, potentially three.	Yes	We do not anticipate cutting programs.	It appears some class sizes will increase. Lower elem numbers will be in the 23 range, other elem classes will be up to 27.

Colo-Nesco	Potential of 5 out of a staff of 37	Two	No	No	Yes, we will reduce a section of kindergarten and first grade. Approximate class size will be 27 students.
Corning CSD	2	2	yes	no	no
Dallas Center - Grimes	0	0	yes	still considering	none
Danville	0	2	Remain the same	Yes. Literacy coaches will be cut despite the 3rd grade literacy expectation.	Yes. Algebra 1, 2 and pre algebra will increase between 7-10 students per class.
Davis County CSD	0	2	Yes	Yes - Second Chance P	Yes - We will see an increase in 3rd grade teacher to student ratio and are projecting somewhere between 25-28 students per 3rd grade classroom.
Decorah	3 Certified Staff; Classified staff still unsure.	2	No	No.	Could very well see 5th grade go from 21 to 25 per section. 6th grade from 22 to 26. Kindergarten from 18 to 21-22.

Denison	None	Five all through attrition.	Yes	Yes, we will be reducing our World Language Offerings at the HS to one World Language instead of two.	Yes, our HS courses will increase in size approx. 5 per elective. We will also be increasing the load on our special education teachers at the elementary level and reducing our co-teaching opportunities. We will also see a reduction in one elementary position who supports our neediness readers.
Des Moines Public Schools	0	47	yes	no	Too early to give specifics, but yes, class size will go up at the high school level.
Des Moines Public Sch	0	47	yes	no	Too early to give specifics, but yes, class size will go up at the high school level.
Diagonal Community School	3-Feb	3-Feb	Yes!	Some upper level electives for high school and an elementary class room will be combined.	NA

Dunkerton	None, we will handle our reductions through attrition. Attrition that we would not have to accomplish if funding were adequate.	2	no	Programs will be reduced. We are currently studying class size and student participation to decide which ones.	Class sizes will increase due to forced sharing of programs....those programs TBD by above and the level of funding we receive. We are still hopeful for 4%--- anything less will result in corresponding reductions.
Eagle Grove CSD	0	1 to 2 depending on settlement with teachers.	Yes	No	Yes, one to two elementary classrooms will go from 4 sections of 19 to 20 students to three sections of 26 students.
Earlham	4	3	Yes	no	Yes 7-8 students depending upon the grade
East Union	None	2	Yes	We are employing a .5 Family and Consumer Science teacher instead of a Full Time. We are not replacing our FT Business Education teacher- so going from 1 FTE to .2	Yes, in both instances for Family and Consumer Science and Business Education. From 12 students to 20 students per course. Offerings for students will be limited, also.

Easton Valley	5	4	YES!	Not yet	Yes, 3-4+ students per class.
Eldora-New Providence	0	1	No	We are forced to share our superintendent with another district.	Yes. Our high school science and math section will increase next year about 5 kids per class.
Emmetsburg	None		1 Absolutely		2.2 more students in grades 9-12
Estherville Lincoln Cer	None this year, but ne	At least 1	No	STEM	Yes - elementary level and STEM classes - approximately 6 more per classroom
Forest City CSD	0	2 positions	Yes	None	Yes, we will be increasing class sized in the elementary for next year.
Garner-Hayfield-Ventura	1	6	New district, so our tax rate is in its benchmark year.	No	Yes. We will have increased class sizes due to fewer teachers in two of our early childhood grades.
Greene County	0, we offered an early retirement package.	Probably 2-3	The budget does not raise property taxes	No programs will be cut.	Class size should remain the same.

Hamburg Community School District	We have issues 2.5 pink slips.	5 additional positions will go unfilled due to retirements or resignations.	Yes!	We have closed our Middle School program for grades 6-8 that we shared with Farragut and are moving to a 7-12 Jr. Sr High School at Farragut and PK-6 Elementary at Hamburg.	Kindergarten +8 1st Grade +10 2nd Grade +7 3rd Grade +8 4th Grade +10 5th Grade + 7
-----------------------------------	--------------------------------	---	------	--	--

Harlan Community School District	None, but we have already absorbed three positions due to retirement. These are critical positions to the functioning of the school district, but we will not go over our budget. We set our budget at 0% AG.	5 including non-certified staff	Yes, approximately .43 cents	Not sure yet. We have cut back on a number of programs which will impact the total number of kids that can participate. For example, we've always had enough student participation for a high school musical. Next year, rather than having two stipend positions, we will only have one. This will reduce the amount of students that can participate as the one advisor will choose a musical with less parts. This has happened in varying degrees in about 6 different programs. All are negatively impacting students and student opportunity.	Yes. Not sure how many this will impact and exactly the staff:student ratio but it will definitely negatively impact our student to staff ratio, but please don't just focus on the classroom side. This will also impact counseling services, library services and Wellness Programs for staff.
Harmony CSD	9 Classified 3 Certified	9 Classified 2 Certified	No	Yes, elementary physical education.	No
Highland	None	Probably 1	Yes	No, but we will be red	No

Hinton	None, Had to be out by March 15.	1.5	Yes, Not funding us continues to raise taxes for our Hinton residents. Certified at 0 SSA. Taxes would go down based on the amount from the state. Some people moving to South Dakota.	Yes, Middle School Reading Teacher was not replaced, Therefore not all reading classes will be conducted. Meeting the minimum in Iowa seems to be good enough.	Yes, Second grade will now be two sections of 24 and 25 students in each room when in the past it would have been three sections.
Hubbard-Radcliffe	2	0	Yes	No	Somewhat, but not more than usual
IKM-Manning	None. We will be making cuts next year.	4	No	No	No
Interstate 35 CSD	One	2	Yes - at least the one	No - that will have to	In some areas, yes - do not yet have the specific numbers
Iowa Falls	2 teachers 3 or 4 support staff	Possibly 2 or 3 teaching positions. Possibly 2 or 3 supplemental contracts.	Yes	Possibly, elementary art.	The sizes of high school math classes will increase - still working out the details. Lower elementary class sizes may increase from 19 students to 23 students.
Johnston Community School District	0	4	no	no	slightly

Keokuk CSD	Possibly 1 to 3.	Possibly 4 or 5.	Yes \$1.49/1000 also due to increase in Sp. Ed Deficit.	Yes, PE media services, counselor, Title 1 and Middle School staff. Some extra Curricular as well.	Yes , not sure yet. We will move staff around as well.
Kingsley-Pierson	We haven't decided, as of yet.	1	yes.	Not at this time but reductions will be made to coaching staffs. We have reduced programs the last several years.	Yes. We will have two classes of 30 students.
Lawton-Bronson and Whiting	1 reduction in force for sure.	Possibly 2	Yes in L-B, tax rate dropped in Whiting only because our debt service on a building rolled off.	At this point no for 15-16, but one more year and much of our extra investment in additional reading, math, and Ag programming will be in jeopardy. In other words, we have enough Unspent Balance to absorb one year of leaving things in tact but we cannot sustain 1-2% for another year after next without cutting.	At this point no, but again, please refer to #4.

Le Mars Community	None	None	Property tax increase of \$0.36/1,000 resulting from use of cash reserve levy to meet anticipated increase in operating costs. SSA of 2.625% almost completely eliminates the need for the increase.	No	Class sizes have been increasing the past five years as a result of inadequate state funding. Can't in good conscience increase them any more than current levels.
Lenox	0	0	No	None.	No
Linn-Mar	0	don't yet know	yes, by .67	don't yet know	yes don't yet know because of anticipated growth
Lisbon CSD	0 this year but next year may be a different story depending on funding.	We are at 2 now 4.21.2015	Yes approximately \$1.45. The difference between 4% and 1.25% is \$0.78 based off of putting the different SSA % in the Aid and Levy.	Possibly but not yet determined.	Yes we will be bumping up several elementary class sizes pushing the 25 per class max # we have set as a max for elementary classes. Depending on the exact number breakdowns I hope we do not have to go higher than that.
Lynnville-Sully	T3	3	Yes, \$1.73	Early reading interventions	No

Marcus Meriden Cleghorn	3	0	no	yes- vocal music and bowling	yes there could be larger elementary sections ranging up to 30.
Martensdale-St. Marys	None. We will dip heavily into cash reserves.	At least one.	No		Our lower elementary will likely have larger classes. In the past we would have hired closer to the beginning of the school year to relieve the larger classes. We will likely not do so next school year. Right now it looks like kindergarten will be most affected; the increase will be from approximately 17 per classroom this year to around 25 per classroom next year.
Mediapolis	0	2	Yes	Yes, school resource d	Yes, about 5 students/teacher K-12.

Midland CSD	Most likely one for more of a personnel purpose. We are not planning on filling that position and have cut back on another position that came open in another area.	1.5	Yes.	Reading Recovery and .5 FTE in Title I. Cutting Guidance by .5 and have lost out on a technology strand due to low numbers with a local community college	Title I will be taught by one teacher with upwards of 25 kids to serve. Fewer offerings at the secondary level for college credit classes through community college because a program has been dropped. Our range in elementary will be 18-22 for 15/16 but will most likely increase by 16-17 as we consider multi-aged grouping in the elementary.
-------------	---	-----	------	---	--

<p>Monticello CSD</p>	<p>Two employees have been issued pink slips.</p>	<p>Perhaps one, depending on the amount of SSA agreed upon by the Legislature and Governor.</p>	<p>No. Our Certified Budget holds the levy rate steady. We accomplished this by lowering our Management Fund levy. We could have levied for an additional \$1.8 million, but without authority to spend the money there is no sense in taxing for the additional funds.</p>	<p>We have eliminated our Woods Shop program. We are considering elimination of our Business Education program. We would still meet Career and Technical Education Program requirements as we will continue to offer Agricultural Education, Family and Consumer Sciences and Metals Shop.</p>	<p>High School level: Social Studies, Special Education, Math and various electives. Depending on the grade level and subject area we could see class size increases of 5-7 students per class.</p> <p>Middle School level: Math class sizes could increase by 3-6 students per class. Assuming we do not eliminate Business Education, we will have cut 6.5 teaching positions, 0.5 administrative positions and 4 associate positions since 2009. Our enrollment has increased 5.07% during the same time frame.</p>
-----------------------	---	---	---	--	--

Moravia	None, but will next year because of the budget created from this years mess and I am sure we will get another 1.25% increase because the governor will count TLC as his increase again as he did this year.	1 or 2 if the certain staff leave.	Yes of course because of the guaranteed budget and low state aid increase.	Possible a reading specialists and a cut in extracurricular activities.	Elementary classes we have split in the past will no longer be split which means class sizes will could grow to 25-28 in some cases.
Morning Sun CSD	None, because of retirements.	1.5	Yes	Elimination of full-time alternative kindergarten position and half-time at-risk position, as well as delaying curriculum purchases.	No
Mount Vernon Comm		0	4 Yes.	No programs will be c	No. We must maintain small classes to continue the quality of our program.
New Hampton	3	0	Yes	No	First grade will average 24 students per class.

New London Community School District	1	No retirements for us.	Yes, from \$17.65 to \$18.49. During my public comments, I placed the blame squarely and emphatically on the Governor and the legislature.	Library services will be reduced.	No
Newell-Fonda	1	1	Yes, by \$.30	We have reduced all purchases for class room supplies and reduced the amount of new books.	We eliminated a Transitional Kindergarten program, those kids will be moved right into Kindergarten.
North Cedar	one	none	yes	no	no
North Mahaska	0	0	No	No	No
					Yes, as a growing student population district, we will not be adding staff. The District goal is no more than 25 per class. Some grade levels (2nd thru 4th) are surpassing that number now and that will continue through the summer as new families move in.
North Polk	No pink slips will be is	As a growing student	No	We need to be adding	
North Tama	3	1	No	0	0

North Winneshiek	It is not how many pink slips we will issue this year it is for sure how many pink slips we will issue next year at this time due to the loss of the 101% budget guarantee.	We will not replace any positions which staff members leave.	Yes, we will collect about \$80,000 more in property taxes to fund the budget guarantee.	We will reduce a basketball coach.	Our class sizes will eventually be larger. It is hard to say at this time, but with the low funding increases over the past 6 years, we are being put in a very difficult position as we prepare for our future.
Northeast Hamilton	Five, but they are due	All needed positions v	No	Yes, but again is due t	Class size is not an issue at Northeast Hamilton
Northwood-Kensett	0	2	Yes	No	No
norwalk	0	0	Yes	Yes	Class sizes will increase
Odebolt-Arthur	0	1	No	No	Increase class size in elementary to 24 in 3rd grade.
Oelwein	None this year.	1 science position	Yes. About \$.30 per \$1	None this year	Class sizes will remain the same for next year. We had an increase in enrollment to offset the lack of state funding. Increased enrollment will be very unlikely in the future so reductions will be necessary if state funding doesn't improve.

okoboji	unsure at this time	two	yes	elementary small group reading and technology integration	yes...all reading will be taught by classroom teachers without help from interventionists
Perry	0	6-Feb	yes	Won't cut programs just have a spending freeze. May have to rely on donations and grants to offset some costs.	Not sure. We have an increased number of ELL students at the elementary and ELL funding does not suffice so ... dip into reserves/unspent to do what is best for kids.
Pleasant Valley	0	We will not be able to fill 3-4 positions that we need to fill for growth reasons.	Yes	Not cut...but not added. This includes positions like nursing time, reading, and talented and gifted...all positions we need for safety or to meet district goals on 3rd grade reading retention and college and career readiness.	The impact will be in not offering lower enrolled classes (classes with 10 or fewer students). This can tend to hit on the AP side.
Remsen Union	8	3	yes	yes- Character Counts, TAG, At-Risk, Spanish, Bowling, Wrestling	Not yet determined, but an elementary section or two may get close to 30.

Riverside Community School District	None. (We were close to 4, but had 2 resignations and some other changes that negated the need.)	One	Yes, primarily because of the budget guarantee that would happen with 1.25 or even 2%.	We will have to trim tech purchases, remodeling, supplies, but hopefully no programs.	Yes. At the elementary, we reduced one teacher from one grade level. It will increase the p/t ratio by about 4 more students.
Rock Valley	0	0	no	no	no
Rudd Rockford Marble Rock	one so far.	at least one position we will not fill.	Yes	no	yes we will have a first grade class with 25 students.
Schaller-Crestland	2	2	Holds Steady	One Middle School Music and one Elementary teacher	Steady, shrinking enrollment with no allowable growth, DEATH SENTENCE
Schleswig	0	Undecided	Yes	Undecided	Undecided
Sergeant Bluff-Luton	0, We did not have to issue pink slips due to attrition.	1, Our Middle School STEM teacher was reassigned.	Yes!	Yes! We had to eliminate a STEM class at our Middle School we implemented this year.	Unsure at this time. We are a growing district. If we get an influx of students over the summer then we will not be able to hire additional staff and class sizes will increase.

Sheldon Community School District	None at this time. However, the long-term effect will be reduction in staff, larger class sizes, and fewer course offerings at the high school level. Also, further erosion of our fund balance that will limit our ability to bandaid our budget in lean times resulting in even more cuts in the future.	N/A	NO	At this time we do not plan to.	Not right now, but it will in the future. Our capacity will diminish in the future.
Sidney	0	0	Yes. Certified at 0%, \$154,000 budget guarantee. At 4% would be \$77,000.	None.	None. Sidney has 1.2million in unused budget authority and is expecting a 20 student increase due to open enrollment.
Sioux Central	We did not issue any pick slips, our unspent balance will take a hit for one year. But we cannot do this too many years.	We plan to restructure some positions and might reduce through not replacing individuals.	yes, we submitted the budget at 0%. Sioux Central tax rates reduce with each increment in SSA that are being discussed.	We have not reduced a program or activity, again planning to ride this out for one year. Sioux Central is very lean right now.	Sioux Central has a TK and Kindergarten program. I would cut TK, but that is the most at-risk group. If this continues TK and vocational areas will be affected greatly.

Sioux City Community School District	Up to 12	Up to 25	No. We lowered out levy by 75 cents, and nearly \$1M in tax askings.	None at this time...we are reducing staff, however.	Yes. We are a district of 14,300+ students. I do not yet know the impact on class size of the projected potential reductions.
South Hamilton	5	4	Yes...it is essential to	Instrumental music, T	K- 4-5 1st - 9-10 2nd - 6-8 4th - 10 5th - 5-6 6th - 3-4 7th - 3-4 8th - 5-6 9th - 5-6 10th 6-8 11th 6-8 12th 6-8
South O'Brien School	1, some classified later.	2	yes	Yes, mostly needed at-risk type programs.	No
South Page	0	0	Yes, but it was the Board's decision to raise the cash reserve levy to fund increased open enrollment out.	No	No. But we only have 125 students K - 12 so kind of hard to make them much smaller. South Page has 20 sharing agreements with 9 other school districts.
South Tama	None	None	No	No	No

Southeast Polk	Probably None	We will definitely leave some positions unfilled based on the lack of funding.	No.	We will definitely have to cut the budget based on the current proposals but will not have to cut programs.	No.
Southeast Warren	42	1 for sure and others depends on funding.	Yes very slightly. We are limited on raising taxes due to lack of spending authority.	No programs will be cut but they will be severely reduced.	No but electives will be cut.
Spencer	0	4	Our tax rate will go up at 0 or 1.25%	No	Yes.
Starmont	0	There is very likely that we will not replace one first grade teacher, resulting in only two sections of first grade, 24 kids per classroom.	No		We will have two sections of kindergarten with 22 kids each, and two sections of first grade, with 24 kids in each section.

					Because our enrollment increased we will not be able to add the additional staff we need to maintain class size. As a result our class size will increase at both the elementary and middle school. We also will not be serving some preschool students as funds are not available to add an additional section.
Storm Lake	None	None	Yes, 9 cents per thous	None	
Tipton	0 teachers but 5 classified staff	5 classified staff	No	We are cutting where we can in Special Education.	We will have a very larger class sizes throughout our district.
Twin Cedars Community School District	4	4	yes, by over \$3.00 !!!!	Industrial Arts	
Underwood CSD	zero	two	yes	Family and Consumer Science will go to half-time. A custodial position will go to half-time.	not a dramatic difference

Union CSD	0	3 teaching positions. 0.50 secretarial position. 0.50 administration position (shared with another district)	Yes	No	Not significantly due to decreasing enrollment
Urbandale	0	1	Yes	No	No
Van Meter CSD	2-Jan	0	No	No	No. Our issue isn't this coming year, it is the following years. We have had increasing enrollment over the last several years, but we have been very cautious in adding staff. This will keep us from cutting many positions. If our enrollment flatlines, or decreases and we don't get adequate SSA, we will be in jeopardy of significant cuts in 2-3 years.

Vinton-Shellsburg	2	7.75 certified; at least 3.0 non-certified	Yes	We will start phasing out French and only offer Spanish; we may not have a yearbook or school newspaper; we are also not offering many elective classes at the HS level	Yes; CTE classes will increase about +4 per section; some elementary classes will increase +4 per section
Washington	0	6	Yes	5th Grade Band	Yes
Waukee	0 this year. We will spend into our reserves for next year and reduce staff for 16-17.	0	Raises our rate from 16.57 to 16.84 or an increase of 27¢ per thousand.	No, but we will definitely make cuts for 16-17. Likely in the \$1 million range.	Our sections are already high. Elementary run 22-29, middle and high school 24-32.
Waverly-Shell Rock	We have reduced exte	6.5	yes	Reduced, but not elim	We're not exactly sure until we know how many students we'll have next year. Since our enrollment has been increasing each of the last three years, we will anticipate that we will have larger class sizes, but uncertain as to how many that may be.
Wayne	None. We have chose	Any that we get. We	Yes. Calculated at zer	No. See #1.	Yes, when we make cuts in future years.

West Branch Community Schools	We may issue one, but it would have been 2-3 if we didn't use the TLC staff to off-set these reductions.	We will fill all, but again, only due to the use of TLC staffing scenario support.	Yes.	We are looking at a cost containments in several HS extra-curricular areas.	Yes. We will likely see a few class sizes go up.
West Burlington Independent SD	1	1	no	Not Fy 16. If current trend continues reductions will occur FY 17	No class size increases. Spend into reserves to keep class sizes at 18, K-3.
West Central	3 out of 28. 11% of our staff.	1	Yes	Summer band lessons, Spanish Club	Three high school PE classes will be cut and 2 high school math classes will be cut.
West Central Valley		0	We plan on zero.....	No	No
West Harrison	1	2	No	Elementary Guidance will be reduced.	Not at this time.
West Liberty	zero, thanks to increasing enrollment	zero, thanks to increasing enrollment	No, but some was shifted to income surtax	We are still looking at which ones will be cut. We haven't decided yet. But we do need to make cuts, including instructional materials.	Class sizes will stay basically the same.

West Monona	0	4	No	Not at this time.	We are absorbing two elementary positions. We will have two sections rather than three in some grades going from 17-20 per section to 21-25 per section.
Western Dubuque	3 to 5	2	no. lowers	Not next year but as we have made cuts the previous years it will in the following year.	At this time no because we have already made cuts the previous years. 1.25% Allowable growth will decrease our unspent balance by over 1/2 million dollars and cause us problems in the following fiscal year.
Westwod	2 (Currently 49 FTE with some shared for 550 students PK-12)	1	no	We are hoping not to cut any programs but fine arts will be short staffed for the number of kids we have in the programs.	Yes, in third grade there will be approximately 27 students in each class.

Williamsburg	0-We offered early retirement. We have four requesting early retirement and 2 who will retire at age 65.	3-Bus driver, secretary, technology integrationist (duties will be assumed by TLC instructional coach)	Yes	We hope to maintain our programs. We will not expand any programs.	Will stay the same for next year. Will have to make classroom teacher reductions at the high school in 16-17.
Woodbury Central	2	1	Yes	Family Consumer Science	No
Woodward-Granger CSD	20	4	Yes by .16 per thousand	Assistant coaches Custodial District Newsletter Technology Positions Program Associates Athletic Director Curriculum Director Transportation Director Preschool Teacher Weight lifting Media Specialist Secretarial	From avg. 20 in a class to new avg. of 25 Personal Comment: This has got to be one of the lowest times in my 20+ years in public education in this state (even lower than the 10% across the board cuts)! There are no priorities at all...just politics...but we can surely pass a gas tax to fix roads in record time! The message that is being sent to the various public entities on priorities in this state is disheartening.
