**Statutory Authority
for Rules
HF 2343**

Status of Bill: House Floor
Committee: Judiciary (14-6)
Research Analyst: Bill Freeland; 515-281-6311; bill.freeland@legis.iowa.gov

Lead Democrat: Rep. Bennett
Floor Manager: Rep. Nunn

Amendment Summary

H-8070 by Olson

The bill currently requires “explicit” authority for any standard, requirement, or threshold. The amendment would require “express” authority. This conforms this subsection to the remaining Iowa Code section.

H-8119 by Rizer

Expands the necessary authority from rule or statute to implement any license to also include authority to implement any permit.

Replaces the “explicit” authority required for any standard, requirement, or threshold to instead require “clearly” required or “clearly” permitted.

Expands the allowable authorities for the implementation of a standard, requirement, or threshold to include if it is required by a court ruling, a state or federal executive order, a state or federal directive that would result in the gain or loss of specific funding, or a federal waiver.
